

Little Dunmow alternative on-road route

There have been a number of police reported dog incidents recently on National Cycle Route 16 where it runs along the Flich Way and borders the caravan site at Little Dunmow / Flich Green. An alternative route can be taken via Little Dunmow shown in red dashes on the map.

Please take care if you choose to use this alternative route. Pound Hill between Little Dunmow and Flich Green can be very busy despite having a 40 mph speed limit. There is a pavement along one side of Pound Hill.
